

P2GO Turnmate

Powered platform trolley with central drive wheel.

The Turnmate is ideal in confined spaces or narrow aisles, as it pivots on central wheels.

Designed to transport heavy loads over long distances or over tough terrain.

Features:

- 500kg load rating takes the burden away from you.
- Central drive wheel: Turns on the drive wheels, very easy to steer even in tight areas.
- Rubber lined deck: Non slip surface to secure your valuable goods.
- No licence required; Anyone who has had a quick training session can use the unit. No costly down time waiting for a licensed operator.
- Intuitive controls are easy to use; staff are comfortable using the unit.
- No emissions, so can be used in confined spaces with no threat of fumes.
- Power Drive allows users to easily manoeuvre the unit and load with minimal manual effort.
- Transaxle drive: No maintenance, all units are sealed in an oil bath with no chain.
- Key start controls provides security for others in a public area and prevents untrained staff using the unit.
- Back off Button: The unit will stop and move away from the user if the button is activated, avoids damage to the unit and more importantly safety for the user.
- Large variety of tops available. No matter what you need to move, we can custom design and manufacture the right top for you.
- Automatic park brake ensures unit is safely held in place while stationary, even on ramps.
- Brake override: If the unit is disabled you can override the park brake to get to a serviceable area.
- Duel paddle control allows easy use with either left or right hands.
- Intelligent design allows access to tight confined spaces that other equipment cannot access. Easy storage.
- Plug and play design means no lengthy down time; all parts are easily replaced to get you moving quicker.
- Six wheeled design ensures load stability.
